

**MEMORANDUM CIRCULAR**  
**NO. 76-02**

**SUBJECT: PRESCRIBING ID PICTURES FOR RADIO OPERATOR  
LICENSES/PERMITS.**

---

It has been noted in radio operator licenses that most of the ID pictures attached are several years old and they could hardly be identified now with the present appearances of the licenses concerned. In order that the said ID picture will serve the purpose for which it is intended and for purposes of uniformity, it is hereby required that the pictures (2 copies) to be submitted by an applicant for a radio operator license/permit must be "1½X1½" in size with a plate on the chest bearing his name and the date when the photograph was taken. The said picture must not be older than six months from the date it was taken.

All applicants for radio operator licenses/permits are hereby required to comply hereon so as not to delay the processing of their applications.

This Order shall take effect immediately and it supersedes any order, circular, or instruction or part thereof, which is inconsistent herewith.
