

MEMORANDUM CIRCULAR
NO. 10-16-90

**SUBJECT: NATIONAL FUNDAMENTAL TECHNICAL PLANS
(STANDARDS) FOR TELECOMMUNICATIONS.**

Pursuant to Executive Order No. 546 and Commonwealth Act 146 as amended, and in order to provide the fundamental technical standards that shall be the basis for the establishment of various telecommunications facilities nationwide, the National Telecommunications Commission hereby adopts the following fundamental technical plans (standards) for telecommunications.

- Annex A : Fundamental Technical Plans for Transmission
- Annex B : Fundamental Technical Plans for Signaling
- Annex C : Fundamental Technical Plans for Numbering
- Annex D : Fundamental Technical Plans for Routing
- Annex E : Fundamental Technical Plans for Synchronization
- Annex F : Fundamental Technical Plans for Switching
- Annex G : Fundamental Technical Plans for Charging
- Annex H-1 : Fundamental Technical Plans for Outside Plant Facilities
Volume 1
- Annex H-2 : Fundamental Technical Plans for Outside Plant Facilities
Volume 2

All telecommunications facilities shall conform to these fundamental technical standards. Any and all existing telecommunications facilities that do not conform to these technical standards shall be upgraded to conform to these technical standards within a reasonable period.

These fundamental technical plans (standards) may be revised and updated to conform to recent developments in electronics and telecommunications technology.

This Memorandum Circular, takes effect immediately.
